## RESOURCES:

### **Campus Pride**

Campus Pride serves LGBTQ and ally student leaders and campus organizations in the areas of leadership development, support programs and services to create safer, more inclusive LGBTQ-friendly colleges and universities. It exists to develop, support and give “voice and action” in building future LGBTQ and ally student leaders. The Campus Pride Trans Policy Clearinghouse compiles resources and information pertaining to transgender policies at colleges and universities. The TPC maintains lists of colleges and universities with trans inclusive policies.

### **GLSEN**

GLSEN wants every student, in every school, to be valued and treated with respect, regardless of their sexual orientation, gender identity or gender expression. They believe that all students deserve a safe and affirming school environment where they can learn and grow. They work to improve school climate and champion LGBT issues in K-12 education.

Although GLSEN focuses on K-12 education some of their work can be applied to higher education settings and understanding the school environments that incoming college students may be coming from can help inform college and university activism.
